The Sutton Family Children's Medical Center will:

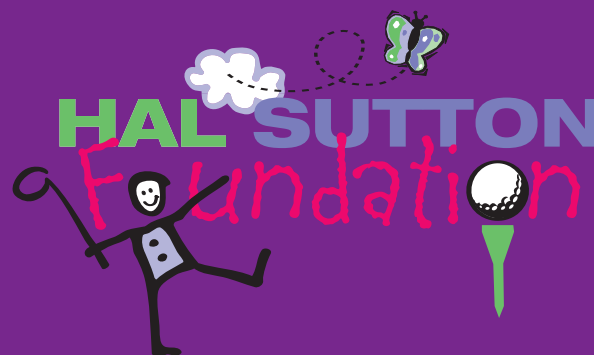

- Provide specialized pediatric care currently unavailable in our region
- Attract pediatric specialists and surgeons
- Provide family-centered care in a unique, kid-friendly atmosphere
- Establish an entirely new standard of pediatric care

The children's Medical center will feature:

- Pediatric Intensivists (Two already on staff)
- Two Pediatric Surgeons begin Summer 2005
- Pediatric Hospitalists to provide 24/7 care at pediatrician's request (Three already on staff)
- In-patient Pediatric Rehabilitation
- Pediatric Specialists' Out-patient Clinic
- Child Life Program
- Philosophy of Family-Centered Care

Your interest in Sutton Children's is appreciated. We welcome your support and involvement.

- **To make a tax-deductible contribution** in support of CHRISTUS Schumpert - Sutton Family Children's Medical Center, please make your check payable to CHRISTUS Schumpert Children's Fund and mail it to the address below. To make a gift by credit card, please call us at 318-681-6760.
- **If you would like to volunteer** or join the women's group, please call the Foundation at 318-681-6228, so that we can add your name to the growing list of community members getting involved.
- **If your civic or church group would like to learn more** about Sutton Children's, we would be happy to make a presentation. Please call 318-681-6632 for information about scheduling community presentations.

- Technologically-advanced, 16-bed Pediatric Intensive Care Unit
- 22 private, in-patient pediatrics rooms featuring family-friendly atmosphere

- 40-bed state-of-the-art Neonatal Intensive Care Unit (completed March 2004)
- Self-contained After Hours Care Center located in the Emergency Department
- Easy accessibility to all children's services within one area
- Two specially-equipped surgical suites and designated pediatric recovery area
- 10,000 sq. foot outpatient specialty clinic area
- Exterior healing garden and fountain

What Is "Family-Centered care?"

- An atmosphere that is fun and comfortable for children, with kid-friendly décor, services, menus and more
- A dedicated entrance - children and their families will not have to navigate other areas of the hospital
- Pre-procedure education, music and art therapy, play time and activities as part of the Child Life Program
- No visiting restrictions for parents
- Private, oversized rooms with sleeping accommodations for parents
- Family amenities including lounges, laundry facilities, reflection room and more
- Special areas for family activities ranging from birthday parties to homework
- Overnight hospitality rooms for the families of very sick children
