the night of
Saturday, May 1, 2010.
*You do not have to be
present to win.*

1 for \$10
3 for \$20
20 for \$100

This Beretta 687 Silver Pigeon II is an over and under double-barreled 12 Gauge shotgun with 28" Mobilchoke barrels. Only Beretta could create such a distinctive Over-and-Under. The Beretta Silver Pigeon II offers such an astonishing combination of singular beauty and flawless performance that it is recognized as an instant classic.

The Silver Pigeon II is distinguished by rich scroll work and an elegant finish. Handsome game scenes and scroll engravings on the high luster, coin silver finished receiver adds a distinctive elegant look to match this over and under's superior performance. The low profile closed receiver keeps out dirt and residue. Hard chrome-lined bores and chambers resist corrosion. Strong Monobloc construction provides true barrel alignment. The slim fore-end and low profile design help improve control, bringing the shooter's eye and hands into alignment with the barrel for improved pointability and quick tracking. All enhanced by the beautiful satin finish select walnut stock, fine cut checkering and Schnabel fore-end. Beretta craftsmanship is evident in the fit, finish, detail and seamless flow of select woods and polished steels. Highly polished and blued barrels are equipped with ventilated rib and Mobilchoke tubes rated for lead or steel shot in the hammer-forged, chrome-lined, carbon steel barrel.

This handsome and elegant shotgun will offer all the advanced design and performance features that have made Beretta Over-and-Unders the hunter's favorite choice for generations.

This gun is NEW and UNFIRED in the ORIGINAL factory box with all of the original matching owners manual, choke tubes, choke tool, etc.
